Dear all,

This is a message from Louis Bernard, the visiting teacher who will organize the EU simulation for you on Thursday at the European Forum.

During this simulation, you will be playing key member States the European Union to discuss a proposed trade agreement between the EU and ANASE.

We are not a big group this year, so we will meet in a restricted format. You have been randomly assigned key roles :

1. Mandy Gerstner: France
2. Benjamin Hochster: Germany
3. Sara Nasraldee: Italy
4. Lee Fried: Poland
5. Roni Shitrit: Netherlands

You will have to present your country's diplomatic line in a synthetic way by writing **a short position paper**. Begin your work by asking yourself the following questions: What 'my' country think about this? What are the advantages and disadvantages of deeper economic ties to the region and to what extent does this intersect with the national interests of my country?

I will see you tomorrow, Wednesday at 6.30 in the European Forum Conference Room for a briefing, and we will conduct the simulation on Thursday. If you have any question until then, please do not hesitate to answer to this e-mail.

Best regards,

Louis
